To Whom It May Concern:

Under the U.S. Constitution, it is a right to be able to sign up for, help out and contribute to the candidate and political party of one's choice without intimidation or fear of harrassment and violent attacks.

In the past there have been phone threats, harrassment, bombings of campaign headquarters, etc. to the Socialist Workers Party campaign headquarters and supporters of the campaign.

If the Socialist Workers Party is forced to disclose names of supporters and contributors, more of that type of thing will be occurring.

Therefore, as a constitutional right, you must restore the right to withhold the names of financial contributors to and recipients of payments from Socialist Workers Party federal and state election campaigns. This exemption must be reinstated.

Thank you very much.
